

CERTIFICATE OF PHARMACEUTICAL INSURANCE

We hereby certify that SAM Nordic Oy is a member of the Finnish Co-operative for Pharmaceutical Injury Indemnities, and its pharmaceutical products are covered by a pharmaceutical insurance underwritten by the Finnish Mutual Insurance Company for Pharmaceutical Injury Indemnities.

The pharmaceutical insurance covers personal injuries when a pharmaceutical has been dispensed for consumption in Finland or when the pharmaceutical is used in clinical trials as defined in the Act on medical research.

Liability for each injured person is limited to four million euros, including the value of annuities capitalized, at the date they are fixed, in accordance with sound insurance principles and 30 million euros for all injuries that are reported during the one and same year (the period of insurance is calendar year 2019).

Should the loss incurred in a single injury be inferior to € 85, no indemnity will be paid.

This Certificate provides information about the pharmaceutical insurance but does not give to any parties rights beyond the terms and conditions of the pharmaceutical insurance contract or insurance terms, agreed between the policyholder and the underwriter for each year separately.

For detailed information, please refer to:

The Finnish Mutual Insurance Company for Pharmaceutical Injury Indemnities (underwriter) at www.laakevahinko.fi and

The Finnish Co-operative for Pharmaceutical Injury Indemnities (policyholder) at www.laakevahinkovakuutus.fi.

Yours sincerely

THE FINNISH CO-OPERATIVE FOR PHARMACEUTICAL INJURY INDEMNITIES

Jaakko Laurila
Managing Director
